Vivek Kumar Arya

has successfully completed the online Specialization

Software Quality Assurance and Testing

This certificate recognizes successful completion of the Software Quality Assurance and Testing: From Basics to Advanced specialization. Learners have demonstrated proficiency in manual and automated testing, defect management, and quality assurance practices across Agile and DevOps workflows. They have gained hands-on experience with test design, bug reporting, automation tools, performance and security testing, and completed a capstone project applying these skills to a real-world QA scenario.
